ABOUT RGCI & RC

RGCI&RC is the Visionary Project of Indraprastha Cancer Society and Research Centre aimed at providing the best of Oncological Care to those who need it. The Institute is managed by a Governing Council appointed by Indraprastha Cancer Society and Research Centre.

The Institute started functioning on 1st July, 1996 when a soft opening was done by Hon'ble Smt. Sonia Gandhi. The Institute was inaugurated by the then President of India, Dr. Shankar Dayal Sharma, in the presence of Smt. Sonia Gandhi and other dignitaries, on 20th August, 1996.

Initiated as a 152 bedded hospital, it has been growing steadily and has never looked back. Presently it is a 241 bedded hospital with modern technology for the diagnosis and treatment of cancer and is recognized as one of the premium Institutes not only in Northern India but also in the entire country. The Institute is equipped with state-of-the-art facilities including in house Robotic surgery, HIFU, RF ablation, IGRT, PET-CT and molecular diagnostic capabilities with highly qualified professionals.

Medical Records Department is one of the distinguished specialty departments of Rajiv Gandhi Cancer Institute & Research Centre. Medical Records Department services are available to medical professionals and patients round the clock. The Cancer Registry is being maintained as per the standards prescribed by the National Cancer Registry Programme of Indian Council of Medical Research. Besides maintaining its own Hospital Based Cancer Registry, Institute is providing data to the Delhi Cancer Registry also for preparing population based cancer registry.
